YOURS

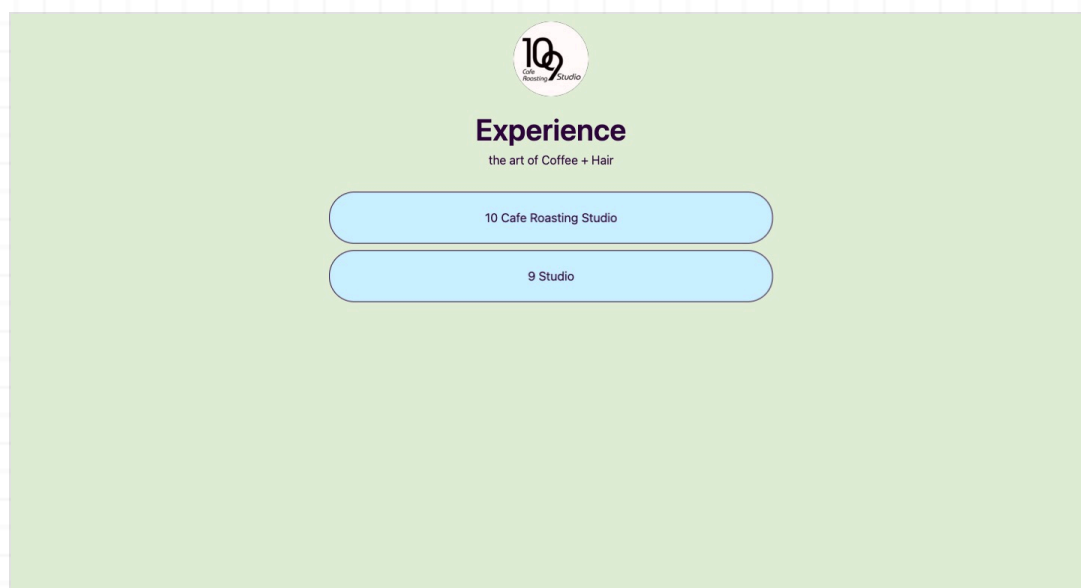

Yours to keep
site and domain in your name

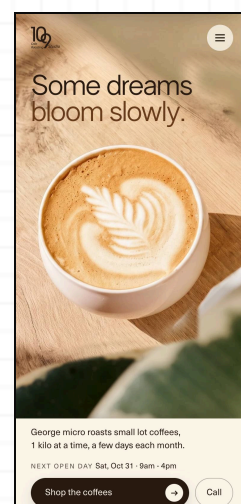

01 WHERE WE STARTED

What we built it around.

- 01 Some dreams bloom slowly.
Your own line, from your home page. Option 1 sets it over your latte on the sunlit counter, with George's small lot coffees, micro roasted 1 kilo at a time, and the studio's next open day underneath.
- 02 Roasting just 1 kilo, not 10kg – 20kg.
From your Our Story page. Option 2 builds the page from your own bag label around your roaster photo, with the coffees on the shelf now and their prices beside it.
- 03 Experience the art of Coffee + Hair.
From your 109 Studio page. Option 3 draws your 109 mark large: Ten Cafe's coffees on one side, IX Studio's appointments on the other, both at 1–1407 Government St.

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

03 Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$600) when you say go, the rest (\$600) when the site is live. You've seen the homepage before paying anything.
